

## Scientific Illustration Art Workshop

### Event Date:

Sat, Jan 12, 2013

**Mary Ellen Carsley, Artist**

This course is designed for the beginning and intermediate student interested in focusing their efforts on learning the basics of scientific illustration with a focus on botanical subjects. Students will develop strong drawing skills working along-side instructor Mary Ellen Carsley. The study will include an introduction to scientific illustration as visual communication, study of basic drawing techniques in pencil and ink media and careful study of botanical anatomy and forms. The instructor will also demonstrate how to work in a field sketching environment. **Please note:** Materials list can be found [here](#). Please bring a lunch.
