

How Plants Work: A Workshop for Elementary School Teachers

Event Date:

Thu, Jan 17, 2013

Lee Coykendall, USBG Children's Education Specialist

Thinking about taking your students to the U.S. Botanic Garden? Looking for new ideas on how to teach your students about plants, their environment and how plants work? Join us for an evening workshop for elementary school teachers on how to use the U.S. Botanic Garden as an extension of your classroom. We will use the *How Plants Work* curriculum as a guide for the evening to explore photosynthesis, plant parts and adaptation. **Please note:** The workshop is limited to 20 participants.

Code: WE011713

Date: Thursday, January 17

Time: 4:30 p.m. to 7 p.m.

Location: Conservatory Classroom

FREE: Pre-registration required
