Become a U.S. Botanic Garden Volunteer!

The Garden will resume accepting applications on September 1, 2022. At that time, please return to this page to fill out a volunteer application.

U.S. Botanic Garden volunteers have a common sense of purpose in identifying with the Garden’s mission of demonstrating the aesthetic, cultural, ecological, economic, and therapeutic importance of plants to humankind. Have you ever wondered how you can be part of this experience?

Through their time at the Garden, volunteers develop new skills, explore their personal interests, and make significant contributions that enable the Garden to fulfill its mission. Volunteering is a great way to meet others and connect with the community.

Below are some examples of potential volunteer opportunities at the U.S. Botanic Garden. Each opportunity description includes primary volunteer location, responsibilities, qualifications, time commitment, and a description of training provided.
