Teachers, Schools, and Field Trips

While the U.S. Botanic Garden Conservatory is not open, we are currently not booking field trips. We encourage you to visit our Resources page for lesson plans, our Field Trip Resources tab below, and our virtual tour opportunities to connect your students with the plant world.

Thank you for thinking of the U.S. Botanic Garden as an extension of your classroom. Whether through science, art, storytelling or curiosity, our living classrooms offer amazing opportunities for plant-based learning. To explore our different educational offerings, book and plan your field trip, and explore professional development boxes below.
