

## Celebrating New American Gardens exhibit

Public gardens across America are eng

dynamic. Gardens are living creations, as they display seasonal changes along with a constant ebb and flow. This exhibit celebrates American gardens that have been renovated within the last five years. These gardens showcase new plant collections, create spaces for people to connect with nature, and for visitors to explore what's new in public gardens!

Conservatory West Gallery | January 31 - October 15, 2019
