COVID-19 and the United States Botanic Garden
To limit the risk of transmitting COVID-19 coronavirus, the United States Botanic Garden (USBG) Conservatory has changed its operations. The Conservatory is temporarily closed to the public while the gated outdoor gardens have reopened with reduced hours. Please monitor this website for updates to operating status. Many resources can be accessed online, including educational materials, virtual tours, informational videos, and our fall programs will all be online. Connect with resources from home at www.USBG.gov/AtHome.
